

Yesterday, we looked at the chapter called “Erez.”

In this chapter, Guy offers some explanation and background about Gaza.

You may choose what you would like to investigate. Some examples might be:

- A recent news article about Gaza
- Facts about the realities in Gaza from a credible source
- Stories about the international “blockade”
- Information about the elections in Gaza
- Background about Hamas (who leads it? what are its goals? where/ how did it originate?)
- International organizations (NGOs) like MSF that operate in Gaza
- Pictures of Gaza
- Information/ stories about the 2008 war or 2011 war
- Stories about smuggling into Gaza or “the tunnels”

After you have done some reading, outline a quick, informal presentation you will give to the class (3 minutes).

Be sure to tell us where you got the information, summarize the facts, and tell us how the information relates to Guy’s experience and/or life in Gaza and/ or fears and misconceptions about Gaza.
